

## ELEMENTARY PROGRAM

From Kindergarten through 6th grade, Fairmont's outstanding teachers create a homeroom environment where children master the basics of language arts, mathematics, social studies and science.

Fairmont's Mable Campus has won the Orange County Academic Pentathlon for 19 consecutive years. Fairmont's commitment to personalized instruction is evident in our use of the Accelerated Math and Accelerated Reading programs which enhance the learning process for each student individually.

Fairmont Elementary students also benefit from a variety of resources on campus such as our Technology Education Center (TEC Lab) and several enrichment classes taught by specialty teachers. A general outline of the instruction schedule, excluding core subjects, is below:

### SPECIALTY CLASSES/LABS

Physical Education	Five times per week
Library	Five times per week
Music	Twice per week
Art	Twice per month
Spanish	Twice per week
Science	Weekly
Computer Lab	Once per week
